## 4 V's of Vision

---

The four V's will help one to obtain a quick jump on the competition.

1. **Vision** - know what a product or path one should spend time on
2. **Velocity** - be sure to go above and beyond when executing the vision
3. **Verbal** - don't be shy about your ideas - get them in front of the right managers, directors and decision makers
4. **Verify** - make sure that its clear what the final product or path should be
