

KEVIN O'NEILL

ENGAGE of a Supervisor

In business it's so important to stay engaged - especially with customers be they internal or external.

1. **Energy** - one must have energy when engaged with customers
2. **No fear** - one must be confident when dealing with customers
3. **Gauge** - one must know their customers so they are merely selling
4. **Anticipate** - one must anticipate their customers' needs and wants
5. **Give** - one should give the customer supreme service
6. **Equate** - one must equate why their skills and why their thoughts and ideals are the best solution
